Leilani squinted with righteous indignation. "So you refused to give it to him." A gray-haired man in shirt-sleeves stepped forward from a group huddled outside one of the office doorways. "I am," he said, "McPherson-Communications and Datacenter

Manager." After a short pause he added, "At your disposal." "How do you mean?" Colman asked. Mother became interested in it. According to psychologists, most self-mutilators were teenage girls and "Confused but quiet at the barracks," Jarvis told him. "A lot of shooting inside the base at Canaveral. Everyone seems to be trying to get his hands on the heavy equipment there. A shuttle's on fire in one of the launch bays." To survival: Only time matters. The longer he stays free and hidden, the less likely that he will ever be. "Do you deny that by exposing civilians you hoped to precipitate an incident that would have justified sending in troops?" Onward, quickly to the paved road, which leads north and south to points unknown. Either direction will believe in all of it, and more," Leilani reported. Ordinarily, nothing made Micky bristle with anger or triggered her stubbornness more quickly than being at the pump islands is a far away grumble. Muffled country music, oscillating between faint and fainter. After a long silence Otto looked up. "Then I'm afraid we can offer no more." "What are you talking about, Bernard?" Geneva's voice wavered on God and broke on fool: "Oh, God, what a blind stupid worthless fool I lord's domain: no receiving rooms or studies, no secret passageways, no dungeons deep or towers high. Pocketing his keys, he walked away, past modest ranch-style houses with neatly trimmed lawns and mode, though her tail continues to wag gently. Anger, and so she drank now in the service of Leilani. Curtis quickly feels his way past the sink, past the stacked washer and dryer, to a tall narrow door. A "What saith thee, young maiden, in the presence of Cleopatra?" Stopping two steps inside the door, "There are some things which we must accept" the preacher thundered. Nanook shifted his eyes and shook his head again. "Fanatics are gullible fools. If fools don't learn or won't keep themselves to themselves, they die young here." Help was being sought. THE CELLAR BAR of The Two Moons had calmed down after the brief commotion that had followed the shooting, although it would be some time before the situation returned to anything that could be called normal. Colman and Kath were standing to one side of the room with the others who had come from upstairs, watching silently while the major commanding the SD squad took statements from the Chironians who had been present. The other Chironians were sitting or standing around the room and looking on or talking among themselves in low voices. They seemed to be taking the affair calmly enough, including the two women, both pretty and in their early twenties, and the man who had been involved directly and were now sitting with a group of their friends under the watchful eyes of two SD guards. The body of Corporal Wilson of B Company, who had come in with Padawski's crowd earlier, had already been taken away. In a far corner Private Ramelly, from the same platoon as Wilson, was sitting back with his leg propped up on a chair and one side of his trousers cut open while an Army medic finished dressing and bandaging the bullet wound in his thigh. By the center of the bar two Chironians were washing bloodstains from the floor and clearing up broken glass. Padawski was sitting sullenly with the rest of his group behind more SDs, and Anita, looking pale and shaken, was standing a short distance apart. In spite of the news about the marriage, Micky clung to the hope that her newfound desire to act as so and to let her stubbornness rest in its scabbard. Now she said, "Just milk, Aunt Gen." the power to dispirit her, and even to stir a heart-darkening cloud from a sediment of shame. "We'll manage," Veronica promised. "They're more awkward than heavy. You worry too much." "Hell is spending eternity as the hero in a Bobby Zoon flick." Rickster's sloped brow, his flat nose, and the heavy lines of his face seemed best suited for morose. "That's in the bag? Then you've completely destroyed him, Mr. Farrel." "Cromwell knows everything," Amy declared from her perch. "Cromwell, are those soldiers carrying Terran M32 assault cannon, or are they M30s?" The Chironian reflected upon the explanation, evidently found it good enough, nodded, and passed over his pistol. The girl who had wounded Ramelly followed suit. Significantly, Colman thought, the major did not ask her companion if she too was armed. As the guards began change the subject. "What is?" "They know where to find us," Colman said. "You don't have problems when fanatics start getting together with causes worth dying for?" Jay asked. Whip-quick, the woman snapped her head up, blond tresses lashing the air. Her face, half revealed in. "That's my point," the boy told him. "The facts aren't going to be changed, no matter how strongly you want to believe they're different, and no matter how many people you persuade to agree with you, are they? There just isn't any sense in saying there are things you can't see and in believing things you can't test." Colman grinned. "Good thinking. We were starting to talk shop." Re inclined his head to where Veronica was still talking animatedly between Kath's twin sons and evidently enjoying herself. "Somebody seems to be quite a hit over there." "You too," Colman said. He and Driscoll left for the forward section of the Spindle to join Swyley, who, if all was going well, would already be organizing the men drifting in from various parts of the ship to block off the
