The slur faded from his voice in minutes, but he suspected that

straining too long to sustain this borrowed vision could result in a stroke or worse..The cemetery had been mown for the holiday. The scent of fresh cut grass grew more intense the longer Agnes met her son's radiant green-blue gaze, until the fragrance became exquisitely sweet..For half an hour he studied Barty's eyes with various devices and instruments. Thereafter, he arranged an immediate appointment with an oncologist, as Joshua Nunn had predicted.. "Which is?" His eyes widened, and his voice became husky with pretended fear. "They're always ... evil..Kitchen to dining room, dining room to hallway, keeping his back to the wall, easing quickly along, then into the foyer. Wait here, listening.. "That's correct," Parkhurst said. "Probably one or more small blood vessels ruptured from the extreme violence of the emesis.. "Under a declining moon, he fled discreetly three blocks to his Suburban, parked on a parallel street. He encountered no traffic, and on the way, he stripped off the gardening gloves and discarded them in a Dumpster at a house undergoing remodeling..Angel. A less exotic synonym for her own name. Seraphim's angel. The angel of an angel..Phimie gazed upon the child briefly, then sought her sister's eyes again. Another word.. "It's just that you never know what anyone's hand has been up to recently," Jacob explained. "That respectable banker down the street might have thirty dismembered women buried in his backyard. The nice church-going lady next door might be sleeping in the same bed with the rotting corpse of a lover who tried to jilt her, and for a hobby she makes jewelry from the finger bones of preschool children she's tortured and murdered.. "Nolly sighed. "Well, I guess if you were going to just plug him, you could've done that already, soon as you got to town.. "Judging by the smeariness of the letters and by the fact that some had run before they dried, the writing instrument hadn't been a felt-tip marker, as Vanadium first thought. A spattering of red droplets on the closed lid of the toilet and across the beige marble floor, all dry now, gave rise to a suspicion..He and the homicide detective had been friends for almost thirty years, since Max had been a uniformed rookie on the SFPD and Vanadium had been a young priest freshly assigned to St. Anselmo's Orphanage here in the city. Before choosing police work, Max had contemplated the priesthood, and perhaps back then he had sensed the cop-to-be in Tom Vanadium..The minister had finished. The service was over. No one came to Junior with condolences, because they would see him again shortly, at the Ford dealership buffet..He also sought a supplier of high-quality counterfeit ID. This proved easier than he anticipated..This was not the time to ponder the nature of the relationship between the treacherous Miss Bressler and Vanadium. Junior had a bloody trail to cover, and precious time was ticking away..Bent like an ape, he humped the musician north along the alley. The original cobblestone pavement had been coated with blacktop, but in places the modem material had cracked and worn away, providing a treacherously uneven surface made even more treacherous by a skin of moisture shed by the fog. He stumbled and slipped repeatedly, but he used his anger to keep his balance and be a winner, until he found a distant enough dumpster..She bit her lower lip, held her breath, repressed the sob that sought release, and said, "I know.. "He hadn't the slightest doubt that eventually he could romance Renee into marriage, regardless of her wealth and sophistication. He could shape women to his desire as easily as Sklent could paint his brilliant visions on canvas, easier than Wroth Griskin could cast bronze into disturbing works of art..By "all of that," he meant the groceries that she and Joey often sent along with the pies, the occasional mortgage payment they made for someone down on his luck, and the other quiet philanthropies..Perplexed by their peculiar behavior, even slightly unnerved, Tom answered Maria's question. "I'm afraid there's nothing else I can do, nothing more of a fantastic nature.. "These kids were the same age, yet listening to them was akin to hearing Angel do her charming shtick with an adult who had a lot of patience, a sense of humor, and an awareness of generational ironies..In the afternoon, Dr. Schurr came to the hospital to review test results and to reexamine Barty. When the early-winter twilight gave way to night, he sent them back to Dr. Chan, and Agnes didn't press Schurr for an opinion. All day she'd been impatient for a diagnosis, but suddenly she was loath to have the facts put before her..From Joey's closet, she extracted an old blue blazer that he seldom wore anymore. The lining was sagging, worn..The symptoms that terrified Phimie-the headache, crippling abdominal pain, dizziness, vision problems-had entirely relented. Possibly they had been more psychological than physical in nature..rearview mirror was not hung with one of those tacky decorative deodorizers. The seats, regularly treated with leather soap, were softer and more supple than they had been when the car had shipped out of..That night, in Barty's room, after Agnes had listened to his prayers and then had tucked him in for the night, she sat on the edge of his bed. "Honey, I was wondering.... Now that you've had more time to think, could you explain to me what happened?" One problem: Nolly Wulfstan, Quasimodo without a hump, probably repaired to this convenient club after work, to down a few beers, because this was surely as close as he would ever get to a halfway attractive woman. The detective would think that he and Junior were here for the same reason-to gawk at nearly naked babes and store up enough images of bobbling breasts to get through the night-and he would not be able to comprehend that for Junior the attraction was the dance, the intellectual thrill of experiencing a new cultural phenomenon..Leaving the engine running and the heater on, he got out of the car, leaned back inside, said, "Better lock up while I'm gone," and then closed his door.. "There's no clear evidence of birth defects, but a couple tests reveal some worrisome anomalies. We'll know when we see the child.. "Switching on the windshield wipers, Joey said, "That's the first time I've ever heard you admit that either of your brothers is odd.. "Always, he was good with Barty, and on this occasion, he teased more than the usual number of smiles and giggles from the boy as he tried to get him to read the Snellen chart on the wall. Then he lowered the lights in the examination room to study his eyes with an ophthalmometer and an ophthalmoscope..In the sermon that brought him a moment of fame that he'd found more uncomfortable than not, Daddy had used the life of Bartholomew to illustrate his point that every day in every life is of the most profound importance. Bartholomew is arguably the most obscure of the twelve disciples. Some would say Lebbaeus is less known, some might even point to Thomas the doubter. But Bartholomew certainly casts a shadow far shorter than those of Peter, Matthew, James, John, and Philip. Daddy's purpose in proclaiming Bartholomew the most obscure of the twelve was then to imagine in vivid detail how that apostle's actions, seemingly of little consequence at the time, had resonated down through history, through hundreds of millions of lives-and then to assert that the life of each chambermaid listening to this sermon, the life of each car mechanic, each teacher, each truck driver, each waitress, each doctor, each janitor, was as important as the resonant life of Bartholomew, although each dwelt beyond the lamp of fame and labored without the applause of multitudes..cocktail lounge to be her personal pickup spot. Naturally, people who worked the lounge knew her, were friendly with her. They would remember any man who accompanied the heiress to her penthouse..The poster announced an upcoming show, titled "This Momentous Day," by the young artist calling herself Celestina White. Dates for the exhibition were Friday, January 12, through Saturday, January 27..Junior wanted to kill her. Kill him. Whatever. But he sensed that Renee knew more than a little about dirty fighting and that the outcome of a violent confrontation would not be easy to predict..Paul pulled her back. He gently but firmly thrust her through the open

door of the guest room in which he'd spent the night. "Stay here, wait." As usual, Vanadium had spoken in a monotone, putting no special emphasis on those two words. Yet Junior sensed that the detective harbored doubts about the explanation of the girl's death. A SEVERE THIRST INDICATED to Agnes that she wasn't dead. There would be no thirst in paradise. As he entered, the visitor's back was to Junior, and he moved toward the table, where dead Victoria sat with her head on her folded arms. She looked for all the world as though she were just resting. He was about to lift the body out of the chair when he heard the car in the driveway. He might not have caught the sound of the engine so distinctly and so early if the stereo had not been in the process of changing albums. Kneeling at her side, Junior placed the decorative pillow over her lovely face and pressed down firmly while Frank Sinatra finished "Hello, Young Lovers," and sang perhaps half of "All or Nothing at All." Victoria never regained consciousness, never had a chance to struggle. The restaurant wasn't fancy. A coffee shop. Aromatic bacon sizzling, eggs frying. The warm cinnamon smell of fresh pastries, the bracing scent of strong coffee. Clean, bright surroundings. Without a word, Joshua Nunn and the paramedic retreated to the foyer. The parlor doors slid shut. They were in the eastern hills, a mile from Jolene and Bill Klefton's place, where ten days ago, Edom had delivered blueberry pie along with the grisly details of the Tokyo-Yokohama quake of 1923. "Well, anyway," she said, as though Muffins uncharacteristic viciousness had been adequately explained, "this mending ought to cover ten more lessons." During the day and then following a dinner break, the Hackachaks persisted. The hospital had never witnessed such a spectacle. Shifts changed, and new nurses came to attend to Junior in greater numbers than necessary, using any excuse to get a glimpse of the freak show. Acutely aware that someone with more need than patience might soon rap at the locked door, Junior dropped back into the men's room. Shaking with a fear that had nothing to do with Junior Cain and flying bullets, or even with memories of Josef Krepp and his vile necklace, Tom Vanadium closed the sketch pad and put it on the window seat. He opened the window, and in rushed the susurration of breeze-stirred oak leaves. He lay still, waiting for silence to return, so he could hear whether the great gong had drawn people into the alley. And had Phimie, retrieved from death by the resuscitation procedures of the surgical team, repaid Nella's kindness with her own stunning message to Lipscomb? Grace, proving again the aptness of her name, said the one thing most likely, in time, to bring true peace to Celestina. "Remember Bartholomew." Instinctively, he knew he should not give massages to Negroes. He sensed that somehow he would be physically or morally polluted by this contact. The guesswork of a wizard is close to knowledge, though he may not know what it is he knows. The first sign of Otter's gift, when he was two or three years old, was his ability to go straight to anything lost, a dropped nail, a mislaid tool, as soon as he understood the word for it. And as a boy one of his dearest pleasures had been to go alone out into the countryside and wander along the lanes or over the hills, feeling through the soles of his bare feet and throughout his body the veins of water underground, the lodes and knots of ore, the lay and interfolding of the kinds of rock and earth. It was as if he walked in a great building, seeing its passages and rooms, the descents to airy caverns, the glimmer of branched silver in the walls; and as he went on, it was as if his body became the body of earth, and he knew its arteries and organs and muscles as his own. This power had been a delight to him as a boy. He had never sought any use for it. It had been his secret. Urgency gripped the paramedics. The rescuers' equipment and the pieces of the car door were dragged out of the way to make a path for a gurney, its wheels clattering across pavement littered with debris. "I hope it will," the physician said, but his emphasis was too solidly on the word hope. Tom said, "Now I'm going to add a human touch and a spiritual spin to all this. When each of us comes to a point where he has to make a significant moral decision affecting the development of his character and the lives of others, and each time he makes the less wise choice, that's where I myself believe a new world splits off. When I make an immoral or just a foolish choice, another world is created in which I did the right thing, and in that world, I am redeemed for a while, given a chance to become a better version of the Tom Vanadium who lives on in the other world of the wrong choice. There are so many worlds with imperfect Tom Vanadiums, but always someplace ... someplace I'm moving steadily toward a state of grace." Throughout lunch and, indeed, during his hours as an outpatient at the hospital, Barty gave no indication that he understood the gravity of his situation. He remained cheerful, charming the doctors and technicians with his sweet personality and precocious chatter. Another of Junior's self-improvement projects, since moving to California, was to become a knowledgeable gourmet, also a connoisseur of fine wines. San Francisco was the perfect university for this education, because it offered innumerable world-class restaurants in every imaginable ethnic variety. "You're one to talk," Celestina said. "Who was it told us they were sitting hand in hand on the front-porch swing." Junior was disturbed that the mysterious chanteuse had been performing when he wasn't home. He felt violated. Invaded. Laying the gun on the newspaper, he dropped into the chair. He picked up his coffee. The search of the house had been conducted with such urgency that the java was still pleasantly hot. "Yes, you did, and it's exactly what experience has no doubt taught you to think. But I'm forty-seven and you're twenty-". Had he ever thought he could get away with this? He must have been delusional, temporarily mad. Returning the newborn to the nun, Celestina asked for the use of a phone, and for privacy. "This was back on January 24, 1556," said Edom with unhesitating authority, for he had memorized tens of thousands of facts about the worst natural disasters in history. He repressed the scream, however, because he sensed that if he gave voice to it, he wouldn't be able to silence himself for a long long time.
